STATEMENT OF ORGANIZATION

General Information

Any committee which receives or expends more than \$500 in the aggregate during an election cycle to influence the outcome of an elective office or ballot measure must file a Statement of Organization with the State ethics Commission no later than five (5) days after receiving such contribution or making such expenditure.

Any changes to information contained in the Statement of Organization must be reported to the State Ethics Commission within ten (10) days after such change.

There are no requirements as to the structure of a committee. While one person may serve as committee chairman, treasurer, and custodian of the records, most committees will utilize 2 or 3 persons for these positions.

As a committee you may have additional responsibilities under new amendments to the internal Revenue Service, Public Law 106-230. The new law creates a new and expanded reporting regime for certain section 527 organizations. If you anticipate receiving \$25,000 or more in contributions in a tax year, then you should contact the Internal Revenue Service for more guidance. For more information, see the IRS web site at http://www.irs.gov/bus_info/eo/pol-file.html or call IRS Customer Service at 1-877-829-5500 from 8:00 am to 9:30 pm.
